**Kuala Lumpur, 30 April 2026** – Bursa Malaysia began 2026 with a strong first quarter performance, supported by robust core-market activity and sustained momentum in initiatives to strengthen participation and market vibrancy.

For the first quarter ended 31 March 2026 ("1Q2026"), Bursa Malaysia recorded a Profit After Tax, Zakat and Minority Interest ("PATAMI") of RM72.8 million, representing a 6.4% year-on-year ("YoY") increase against the corresponding quarter last year. Operating revenue grew 16.4% YoY to RM206.9 million, supported mainly by higher securities trading activity as well as increased listing and issuer fees. On the other hand, operating expenses increased by 24.2% to RM115.3 million largely due to higher regulatory-related fee<sup>1</sup> and continued expenditure in talent and technology.

In the **Securities Market**, Average Daily Trading Value for On-Market Trades increased 27.0% YoY to RM3.3 billion, supported by broad participation across investor segments. Fundraising activity was encouraging in 1Q2026, with 16 IPOs across the MAIN, ACE and LEAP Markets. The total market capitalisation increased by 11.4% YoY, reaching RM2.1 trillion in 1Q2026.

<sup>1</sup> This includes the regulatory fee increase that was [announced](#) in October last year, which took effect on 1 January 2026.

The **Derivatives Market** contributed steadily to performance in 1Q2026, with Average Daily Contracts traded increased 5.2% YoY to 107,487 contracts, largely driven by higher number of FCPO contracts and hedging activity by participants. Bursa Malaysia launched the Mini FTSE Bursa Malaysia KLCI Futures on 26 January as part of its product innovation strategy, as well as continued industry engagement through the 37th Palm & Lauric Oils Price Outlook Conference & Exhibition.

In the **Islamic Market**, Bursa Suq Al-Sila' ("BSAS") recorded an Average Daily Value of RM50.7 billion, supported by broad participation and liquidity. On 2 January 2026, total trading value on BSAS reached a record RM172.7 billion. Additionally, BSAS's expansion into Sri Lanka grew its international presence to 29 countries. Investor demand for Shariah-compliant products was strengthened with Shariah exchange-traded funds reaching a record assets under management of RM1.05 billion in February 2026.

**Non-trading revenue**, which accounted for 38.0% of total operating revenue, increased 19.3% YoY to RM79.3 million, supported by higher annual listing fees and other recurring revenue streams.

**Dato' Fad'l Mohamed, Chief Executive Officer of Bursa Malaysia** said, "Bursa Malaysia delivered a positive start to the year, which saw higher trading activity and strong listing pipeline, reflecting confidence in the Malaysian capital market.

"Building on this performance, market development priorities were progressed to strengthen the quality, accessibility and breadth of the capital market ecosystem. This included measures to improve equity market visibility through Bursa Malaysia Quality 50 and Quality 50 Shariah indices, broaden access to derivatives through the Mini FTSE Bursa Malaysia KLCI Futures, and enhance cross-border connectivity through collaboration with Hong Kong Exchanges and Clearing Limited.

Commenting on the outlook, Dato' Fad'l said, "As 2026 progresses, Malaysia's capital market continues to operate within a resilient domestic environment, supported by steady economic growth and policy certainty. With GDP growth projected at 4.0% to 5.0%, this backdrop provides a constructive foundation for investment and capital market activity. Against this landscape, Bursa Malaysia remains focused on fulfilling its role as a trusted market operator, strengthening market vibrancy and supporting sustainable capital formation to meet the evolving needs of investors, issuers and the broader economy."
